

From the Hearts of Holy Family Parents & Students

“Whether you mean to or not, you will take the spirit of this place out into the world with you. I have spoken with many families about our experiences at Holy Family. They are consistently amazed at the big picture of everything that we do here. They ask about how this can be and I am always proud to tell them that this place has an incredible spirit – probably unlike anything they have ever seen in one place. This conversation always ends the same way. They tell me that it sounds remarkable and even too good to be true. I tell them what I have learned is that you will not just send your children to Holy Family – your whole family goes to Holy Family!”

“I like Holy Family School because it is a Catholic school where you get to talk about Jesus and God”

Holy Family Kindergarten Student

“You have provided me with a wonderful foundation of education, one that has proven itself many times and has allowed me to do quite well in my early years of working life.”

Holy Family Graduate

“I just can’t think of any other place where my children would be so loved and cared for. That gives me such a peace in my heart all day long while they are gone. Along with academic excellence, Holy Family brings a student’s Catholic faith into his or her everyday life. When I count my blessings, Holy Family is always one of the top.”

Holy Family Alumni & Parent

“Holy Family has always felt like my second home. Everyone acts like a family. The teachers are always willing to help us and show us love and kindness. I think Holy Family is the best school I have ever attended.”

Holy Family 4th Grade Student

“I am always impressed by your faith as students and faculty. You know God is active and alive in your hearts bringing about good things. Thanks so much for inviting me to help celebrate the gift of God in your community. It will be one of the highlights of my ministry as I sit in my rocking chair 40 years from now...”

School Mission Priest

“I like the fact that faith is woven into my daughter’s everyday life, so it’s not a peripheral thing that she does in the morning or at night. It becomes who she is, and a regular part of her decision making process.”

Holy Family Father

“We are so blessed to be part of Holy Family. Pre- Holy Family we went to church every week, the boys attended weekly religious education, and our Priest was a regular presence in our lives, but there was something missing. What was missing was the daily strengthening of our faith for my children at school. Jesus is truly the reason for Holy Family Regional School. Now I admit, when I found Holy Family I was really in search of a more rigorous and disciplined academic environment. Funny how God works; I got that and so much more.”

Holy Family Mother

“I like to go to Holy Family Regional School because the teachers are nice and they make you learn a lot!”

Holy Family 2nd Grade Student

“Originally I chose to send my son to HFRS because he needed to be more challenged academically than he was in the public school he attended. At HFRS, he not only found a school full of academic excellence, but he discovered a wonderful, nurturing environment that encourages his individuality. He has also had the opportunity to participate in programs like Talent Development and Math Club that wouldn't be available to a second grader in the public school system. My children have attended a few different schools and HFRS is by far the best. As a bonus, I think that Holy Family has strengthened our entire family's relationship with God.....I thank God every day that my son is able to attend Holy Family!”

Holy Family Parent

“If it wasn't for the Holy Family staff I would never have been the person I am today. I am an A/B student, I'm respected by all my peers, and I have chosen my friends correctly and wisely. Holy Family really set me on the right track. Thank you so much for believing in me.”

Holy Family Graduate

“Our entire family has thrived spiritually during our years at Holy Family. I never really thought about how our faith would be renewed as we experienced the journey with our children. In today's world, our faith is our rock to lean on, and Holy Family supports that rock and keeps it high upon its pedestal.”

Holy Family Mother

“There are so many different ways to get involved in this school. There is something for everyone. The teachers and principals always expect us to do our best and tell us how proud they are of us.”

Holy Family 8th Grade Student

“When I went there (Holy Family), it was smaller and a very close community. And today, even though it has grown, the teachers and staff maintain that close-knit family feeling”.

Holy Family Alumni & Father

“Holy Family is more than just a school. It is a Catholic community in every sense of the word. It is a place where children come together to learn and grow in both academic proficiency and faith. It is a place where the teachers pour out their love on their students and nurture their spirits as well as their minds. It is a place where parents can come together to work for their students and a larger ideal. That ideal is a place where Christ is truly present every day, where the whole family is important, not just the student, where prayers can be raised for all that weighs heavy on our hearts and where joy can be shared in abundance.”
